ADAM KOLT MBA

Revenue Operations Leader

714-273-2300 | adam.r.kolt@gmail.com | Portfolio | in/AdamKolt | Orange, CA | US Citizen Open to Travel/Relocate

SUMMARY

Revenue Operations Leader with a track record of driving end-to-end RevOps strategy across Sales, Marketing, and Customer Success through operational excellence, process optimization, GTM strategy, digital transformation, and product innovation. Proficient in forecasting accuracy, pipeline management, CAC/LTV optimization, lead-to-cash transformation, and end-to-end customer journey mapping. Proven ability to scale predictable revenue engines and to translate complex data into board-ready insights.

- Scaled a startup annual revenue from **$5.8M to $57.8M** in 4 years leading to acquisition.
- Drove **NRR** to **104%** and sustained **5% YoY growth** in a saturated **$200M** telecom SMB market.
- Achieved **93%** forecast accuracy and **3.3×** pipeline coverage, giving leadership reliable 90-day revenue view.
- Captured **additional 3%** in net profit by optimizing a **$50M global infrastructure project** across **110** locations.
- Generated **$100K** in first **30 days** by launching a **Product-Led Growth** data monetization platform.
- Lowered overall **CAC** by **20%** and **improved ARPA by 5%** through digital transformation (**B2B App**).

SKILLS

Data Governance | Data-Driven Revenue Operations | Predictive ARR Forecasting | CAC, LTV, NRR Optimization
Capacity Planning | Pipeline Management | Territory Planning & Quotas | Lead-to-Cash Optimization | MQL-to-SQL
Compensation & Incentive Design | Predictive Retention & Time-to-Value | Renewal Management | Board Reporting

TECH STACK

Salesforce, HubSpot, Oracle SFA, Siebel CRM, Oracle Eloqua, Google Analytics, Firebase, Kloudville (marketplace)
SQL, UML, ERD, Power BI, Advanced Excel, Figma, CPQ, CMS, GitHub, Confluence, MS Dynamics 365, Copilot Studio, GPT-4o (Azure OpenAI).

EXPERIENCE

SMB Operations Director

Ooredoo Telecom — Doha, Qatar — 06/2020 –04/2026

Ooredoo is a fast-paced multi-national corporation offering telecom, cloud, and ICT services in 13 countries with 100m subscribers. Ooredoo Qatar is the head office and leader of innovation across the group.

*Owned **end-to-end Revenue Operations** across Sales, Marketing, and Customer Success for a **$200M SMB business**, enabling predictable growth, products innovation, improved forecasting accuracy, and full-funnel optimization.*

- Sustained **5% YoY revenue growth** and drove **NRR to 104%** by aligning GTM functions to prioritize ARPA and ARPU expansion through cross-functional digital-first strategies.
- Reduced overall **CAC by 20%** by shifting to digital-led acquisition and architecting a secure RAG-based AI chatbot integrating GPT-4o with CRM and regulatory tariff libraries to automate B2B inquiries and lead generation.
- Improved **CAC:LTV ratio by 30%** through rigorous demand generation, A/B testing, multi-touch attribution, and the launch of managed and value-add services to diversify revenue beyond core products.
- Accelerated **revenue velocity by 20%** through continuous optimization of the omnichannel Lead-to-Cash (L2C) lifecycle, eliminating cross-functional bottlenecks, improving order accuracy, and leveraging automation.
- Improved retention **save ratio by 18%** by developing predictive churn models based on high-value triggers, including bill shock, technical friction points, usage, and activations.
- Improved **LTV by 4%** and **ARPA by 5%** through partnerships Microsoft, Google, Cisco, Huawei, and NVIDIA to develop and launch Value-Added Services (VAS) including compute consumption plans and managed services.

- Generated **$100K in first 30 days** by launching a **Product-Led Growth** data monetization and B2B2C platforms while navigating strict privacy and data compliance regulations.
- Reduced agent onboarding **ramp-up time by 50%** by implementing **B2B Sales Academy program** and **sales CMS**.

Assistant Director Solutions
Doha, Qatar

Ooredoo Telecom
09/2014 –06/2020

- Improved **bid-to-win ratio by 28%** through the implementation of strict pipeline hygiene, integrated CPQ, and digital Lead-to-Cash workflows.
- Directed the partnership and delivery of a **$50M global network project** for 110 diplomatic missions. Optimized vendor scheduling and partner selection to boost profit **margins by 3%**.

Director, S&LG Accounts
Raleigh, NC

EDS, an HP Company
06/2009 –09/2014

- Managed P&L, executive stakeholders, and operational delivery for a complex portfolio of government contracts securing 100% renewal and contract extensions.
- Directed onshore/offshore development teams to deliver custom software solutions, ensuring alignment between client requirements and technical execution.
- Lead sponsor meetings to review project progress, address challenges, and develop proactive solutions and contingency plans.

Systems Development Principal
Portland, OR

Saber Consulting
08/2002 –06/2009

- Scaled annual revenue from **$5.8M to $57.8M in 4 years** by leading functional design and national rollout of market disruptive Elections Management and Voter Registration system (leading to the company's acquisition by EDS in 2008).
- Led JAD and design sessions to coordinate complex business requirements from a diverse stakeholder base across 13 states and hundreds of counties to architect a highly configurable COTS solution, enabling rapid multi-state deployment without custom code overhead.
- Standardized the **implementation blueprint** and **national sales** model across 13 states, directly positioning the company for a successful acquisition by EDS.
- Led **M&A due diligence** and post-merger integration for the acquisition of Covansys Systems; successfully onboarded 300 employees and optimized redundant operational costs.

EDUCATION

- MBA, Marylhurst University – Portland, OR
- B.S., Electrical Engineering, Qatar University

CERTIFICATION

- Stanford Certified Project Manager (SCPM), Stanford University
- Project Management Professional (PMP), Project Management Institute
