Ooredoo Telecom

06/2020 –04/2026

Ooredoo is a fast-paced multi-national corporation offering telecom, cloud, and ICT services in 13 countries with 100m subscribers. Ooredoo Qatar is the head office and leader of innovation across the group.

*Owned **end-to-end Revenue Operations** across Sales, Marketing, and Customer Success for a **$200M SMB business**, enabling predictable growth, products innovation, improved forecasting accuracy, and full-funnel optimization.*

- Sustained **5% YoY revenue growth** and drove **NRR to 104%** by aligning GTM functions to prioritize ARPA and ARPU expansion through cross-functional digital-first strategies.
- Reduced **CAC by 20%** by shifting to digital-led acquisition and architecting a secure RAG-based AI chatbot integrating GPT-4o with CRM and regulatory tariff libraries to automate B2B inquiries and lead generation.
- Improved **CAC:LTV ratio by 30%** through rigorous demand generation, A/B testing, multi-touch attribution, and the launch of managed and value-add services to diversify revenue beyond core products.
- Accelerated **revenue velocity by 20%** through continuous optimization of the omnichannel Lead-to-Cash (L2C) lifecycle, eliminating cross-functional bottlenecks, improving order accuracy, and leveraging automation.
- Improved retention **save ratio by 18%** by developing predictive churn models based on high-value triggers, including bill shock, technical friction points, usage, and activations.
- Improved **LTV by 4%** and **ARPA by 5%** through partnerships Microsoft, Google, Cisco, Huawei, and NVIDIA to develop and launch Value-Added Services (VAS) including compute consumption plans and managed services.

- Generated **$400K in first 90 days** by launching a **Product-Led Growth** data monetization and B2B2C platforms while navigating strict privacy and data compliance regulations.
- Reduced agent onboarding **ramp-up time by 50%** by implementing **B2B Sales Academy program** and **sales CMS**.
